Teaching Faculties

At IMSC, we make sure that all our lecturers, apart from having the requisite academic qualifications, also have relevant industry experience that they can share with the students. This will ensure that all our students receive the most relevant academic training and education that will best prepare them for the future economy.

We aim to provide quality education and training for our students that best meets the needs of the future industry. Utilising a mix of in person teaching, online learning facilities, and practical classes, our team of educators will aim to provide all students with the most ideal learning experience.

Message By Joel Lim

Group CEO of IMSC

Greetings

Welcome to the International Management and Sports College!

IMSC has come a long way since it was first founded in 2003 as International Sports Academy. During its founding days, our College was focused on providing much needed sports based education to serve the local sporting fraternity when we first worked with United States Sports Academy to offer their sports diplomas in Singapore.

Since then, we have grown from strength to strength, and together with our associate company, International Sports Academy, the Group now offers many industry leading education, training, professional certification programmes, and public education courses in more than just sports and fitness training.

To date, we have a highly diversified course offering, ranging from certificates, diplomas, degree programmes, professional certifications, and many others, across a variety of industries such as sports and fitness training, hospitality and tourism management, business management, and foundational studies (such as O Level Preparatory Courses).

Our comprehensive and diverse range of programmes cater to our students' needs and aspirations, which is to obtain an education that is recognised both by the working industry, and by institutes of higher learning. Over the years, we are pleased to have witnessed our students' growth, be it in pursuing their higher education, or in gaining employment shortly after graduation.

With a long history of delivering quality and industry relevant education to our students for close to 2 decades, our College will continue to move forward together with passion and purpose, leading to progress for all our students!

We welcome you to join us at our College.

Sincerely,
Joel Lim

Mission

To provide a holistic education that equips individuals with the abilities and competencies required for the industry.

Vision

Developing industry-ready individuals for the global economy.

Values

Integrity, Progress and Purpose.

Teaching System

Serving as the centre of excellence for student development in Singapore and beyond, serving as the benchmark of academic and personal excellence in the region, ensuring that all learners obtain top quality training & development that is relevant to the industry.

WHY SHOULD YOU CHOOSE IMSC

Accredited Excellence in Education

Licensed by the Committee for Private Education in Singapore, we provide formal education from certificate, diploma, and degree programmes across multiple disciplines and industries. We have been awarded the EduTrust Certification by the Committee for Private Education (CPE) since 2017 - a testament to our high quality education programmes and affirmation of our ongoing commitment to organisation excellence.

Global Collaborations Quality Education

Since IMSC's inception, we have worked with internationally renowned institutions such as University of Portsmouth, Edith Cowan University, BTEC, United States Sports Academy and many other to offer quality education programmes to meet our students' need for quality education.

Industry attachment

UNIVERSITY OF
PORTSMOUTH

INTERNATIONAL
MANAGEMENT &
SPORTS COLLEGE

UNIVERSITY OF PORTSMOUTH (UOP)

The University of Portsmouth (UOP) is a public university in the city of Portsmouth, Hampshire, England. UOP is one of the only four universities in the South East region to receive the highest and most prestigious Gold rating for Teaching Excellence Framework (TEF) in United Kingdom (UK) – a Government scheme that recognises quality teaching and high levels of student satisfaction in Higher Education institutions. This has placed UOP among the top 20% of the 299 Higher Education institutions that entered the TEF in 2017.

UOP is also ranked in the top 150 young universities in the world in the Times Higher Education ranking of universities less than 50 years old. UOP has risen in its ranking in The Complete University Guide – an independent ranking of excellence across 129 UK universities, where it is currently ranked 51st in the UK from 66th in 2018. This also means that UOP is now 8th in the South East region. According to The Times Good University Guide 2019, UOP is one of the top 30 universities in UK for teaching quality and student experience. The 2020 National Student Survey also placed UOP in the top 30 of UK universities for student satisfaction, ranking 26th and 2nd in the South East. The National Student Survey measures final year students' satisfaction in all the UK universities to give feedback on factors such as the quality of their teaching, assessment and feedback, academic support, organisation and management, learning resources and personal development.

Student Life at IMSC

Testimonials

Would you recommend the Diploma to other Sporting Athletes?

"Yes, I've already been recommending them to my fellow athletes. As a footballer, our career will last about 10-20 years. It is really important get ourselves educated so we can continue to progress in the industry. IMSC's schedule is really flexible and it supports athletes. Therefore it's a great opportunity for all athletes to further their education while being a sportsman."

Madhu M Mahana - Singaporean Footballer
Diploma in Sports Science & Coaching

Would you recommend the Diploma to other Sporting Athletes?

"Definitely, I think that within the time frame of the course, you can actually learn a lot. Also because it was online, it really benefited me as I was overseas. I actually told many of my friends who have similar football goals as me, those that wants to go overseas, pause their studies, or play football and study at the same time."

Ikhwan Fandi Ahmad - Singaporean Footballer

"The lecturers at IMSC were really helpful regarding the flow of the lessons. Mr Fajul coached me along my busy schedule and Mr Kelvin helped me out when I missed some classes due to my hectic work load. Overall, IMSC was a fun and conducive study environment and I would recommend this course to someone who has a busy schedule too. As for the modules, they helped me considerably in my work as I was able to used what I learned and apply it to my job."

Koh Ern Jui Leonard - Singaporean Football Club General Manager

"I want to express my gratitude to Ms Isha and Mr Raymond, my lecturers, for their excellent class management. They are constantly eager to assist us, whether it is with schoolwork or our personal lives. The college provides an excellent learning environment and I enjoy attending classes here. I have suggested this college to over 20 of my friends because I believe the experience I had here was truly great. Learning and having fun in everything I do. I strive to be the best, and I am confident that I will achieve really more in the future."
